JST PH 3-pin Plug to Color Coded Alligator Clips Cable PRODUCT ID: 4030

This cable will let you turn a JST PH 3-pin cable port into 3 individual wires with grippy mini alligator clips. We're carrying these to match up with any of our boards or breakouts with 3-pin 'STEMMA' connectors on them such as the HalloWing or NeoTrellis M4.

This cable has a JST PH 3-pin on one side and alligator clips on the other, so it could be used to connect to wires or pads like that on the Circuit Playground or micro:bit.
- Black for GND
- White for Signal
- Red for V+

For more information about JST PH connectors, visit the JST website

TECHNICAL DETAILS

- Length (including connectors): approx 7.6" / 195mm

Product Weight: 7.0g / 0.2oz
